FREIGHT SOLUTIONS THAT ARE ALWAYS ON TIME, AND ON BUDGET

Finding reliable **freight solutions** in South Africa doesn't need to be challenging when you know where to look. When you find a dependable partner that consistently brings in your freight requirements on time, and on budget, they become a valuable asset to your business. This is exactly how we position our business.

With total transport solutions, we analyse your company's freight requirements and produce a comprehensive plan of action to address all its needs. There are still far too many companies in South Africa who are unaware of the many different **freight solutions** available to them, and are therefore spending too much on inefficient transport options.

We bring decades of combined experience in the freight services industry, and make available our insights and expertise to the benefit of our clients. Avoid profit loss, time delays and overall inefficient service by partnering with us for all your freight needs.

FREIGHT CALCULATOR

LoadRunners SA aims to make your life, and the delivery of your goods simpler and more hassle free. To facilitate this, we have developed a freight calculator for each transport sector to help you budget more effectively at any time of the day or night. Choose the most suitable method of distribution for your goods under our calculator page or complete and follow the prompts below to obtain an immediate courier quotation. Collections and deliveries can now be booked and paid for online.

INSURANCE

Insurance is a must have for all goods of value, especially for those with a value of R10 000.00 or more. We make every conceivable effort to ensure that your goods arrive in perfect condition. Of course this is dependent on ensuring that your goods are packaged correctly, and that all goods are noted and thoroughly checked before shipping.
